"Excellent book, the best I have read." —John McCullogh, South Hills Business School

Counseling Criminal Justice Offenders, Second Edition takes a practical view of offenders, their problems, and the difficulties counselors face working with them in criminal justice settings. Author Ruth E. Masters examines criminal justice counseling on an individual and group basis and in a variety of settings such as prisons, probation and parole agencies, diversion programs, group homes, halfway houses, prerelease facilities, and U.S. jails. The book explores practical knowledge of legal principles, appropriate and effective counselor attitudes, and the past and present protocols of American corrections. Features and Benefits: Each chapter begins with Chapter Highlights and Key Terms and ends with corresponding exercises and discussion questions. A section at the end of each chapter lists relevant Internet sites and suggested readings. The book includes Counselor/Offender role-play scenarios that prepare students for situations such as how to restore order over a group counseling session, handle their own personal feelings about an offender, and much more. An Instructor's Manual including test items and skill-building exercises is available. New to the Second Edition: Chapters have been reorganized to emphasize the importance of counselors creating an alliance with offenders. Discussions have been updated on topics such as multicultural counseling,

working with them in criminal justice settings. cognitive-behavioral counseling, multimodal counseling, brief counseling, and counseling outcome effectiveness. New chapters have been added on counseling criminal psychopaths, the role of emotions in the counseling process, counseling male and female offenders, and the relationship between trauma, addiction, and human behavior.
